

Preparation Course for the NEBDN Certificate In Special Care Dental Nursing

The Certificate in Special Care Dental Nursing is a qualification suitable for dental nurses who assist during the treatment of people whose health and social care needs may require special oral health care provision.

Course Aim

This course prepares Registered Dental Nurses for the National Examination Board for Dental Nurses (NEBDN) organised Certificate in Special Care Dental Nursing.

The course will be held in Education Wing of University of Liverpool Dental School, between October 2010 and June 2011, and consists of approximately 9 study days, the **provisional** dates for which are as follows:

Wednesday 13 th October 2010	Friday 11 th March 2011
Wednesday 10 th November 2010	Monday 11 th April 2011
Wednesday 1 st December 2010	Wednesday 4 th May 2011
Tuesday 18 th January 2011	Friday 3 rd June 2011
Wednesday 9 th February 2011	

It is strongly recommended that delegates attend all study days.

Both the preparatory course and the national examination in Special Care Nursing are demanding and will require the delegate to invest a considerable amount of time reading around the subject and preparing work. Regular revision is required over the 9 month period leading to the NEBDN examination. Delegates will need support from the clinicians they work with.

Delegates will be required by the NEBDN to compile a Record of Experience which consists of:

- Completed log sheets to provide evidence of involvement in the care of **20** separate patients
- Delegates must also choose **3** patients for the production of detailed case studies between 1000 . 15000 words each.

Course Fee

The course fee, which covers all study days, is £840.00. However, if the practice/clinic, in which you are employed, treats predominately NHS patients and is located within the boundaries of NHS North West (the Strategic Health Authority) a subsidy of £300.00 will be made towards your course fee by the Strategic Health Authority. For practices meeting these criteria, this will bring the fee down to £540.00.

The course fee payable to the University for this Course does **not** include the NEBDN examination fee of approximately £160.00 (this fee could increase).
